- b) Cookie Data should be a drop down from the Vendor Site table
Cookie Data and only those Cookie Data should be visible which are fed under the selected Vendor Site.

Eg. In the above example if Vendor Site is Selected as Google then only SID should be visible in drop down of Cookie Data as only SID is stored for Google as shown below

Vendor Site (Website)	Google		
Vendor Site Brief	Although Google is primarily known as a search engine, the company provides a diverse range of products and services. Its main source of revenue however is advertising.		
Vendor Site Url	google.com
